SAFETY INSTRUCTIONS

IMPORTANT SAFETY INSTRUCTIONS

- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves or other devices (including amplifiers) that produce heat.
- Only use attachments and accessories recommended by the manufacturer.
- Unplug the device during thunderstorms or when it will not be used for a long time.
- Refer all servicing to qualified personnel; contact support at info@pealock.com. Servicing is required when the device has been damaged in any way, for example when the power cable or plug is damaged, objects have fallen into it, it does not work or it has been dropped.

WARNINGS AND CAUTIONS

- DO NOT make unauthorised modifications to this product.
- Only use this product with an authorised power supply that meets local requirements (e.g. UL, CSA, VDE, CCC).
- Do not expose the product to excessive heat (e.g. storage in direct sunlight, fire etc.).
- Never charge the lock in direct sunlight. If the lock has been in direct sunlight and you want to charge it, let it cool down for at least 15 minutes first.
- Keep the product away from fire and heat sources. DO NOT place sources of open flame, such as lit candles, on or near the product.
- Do not try to stretch or bend the strap into extreme positions, as you could damage the wire inside the strap.
- Never try to take the lock apart; doing so voids any warranty.
- Keep away from children. The lock may be used by children over 10 years of age.
- Protect the lock from water, detergents and other liquids.
- Neither the manufacturer nor the service operator accepts responsibility for stolen gear.
- Always try to keep the protected item in sight.
- Do not use the device outside the temperature range -15 °C to +55 °C.

Rated voltage: 3.7 V

DISPOSAL INFORMATION

The crossed-out bin symbol means that the product must not be disposed of as household waste and should be taken to an appropriate collection point for recycling. Proper disposal and recycling help protect natural

resources, human health and the environment. For more information about the disposal and recycling of this product, contact your local authority, waste disposal service or the shop where you bought the product. Dispose of used batteries properly in line with local regulations. Do not incinerate.

DECLARATION OF CONFORMITY

Pealock holding, s.r.o. hereby declares that this product complies with the essential requirements and other relevant provisions of Directive 2014/53/EU and with all other applicable requirements of EU directives.

RoHS 2: Pealock holding, s.r.o. uses materials and manufacturing processes in accordance with RoHS 2.0 (Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment and its amendment by Commission Delegated Directive 2015/863/EU).

EMC: Pealock holding, s.r.o. declares that the product fully meets the EMC requirements of standard EN 61326-1:2013, class A.

WARRANTY

Pealock holding, s.r.o. provides a warranty against manufacturing defects and defects in materials of the enclosed hardware and accessories for two years from the date of purchase. The warranty does not cover normal wear and tear or damage caused by accidents, rough or improper handling. International shipping may be charged depending on your location. Proof of purchase is always required when making a warranty claim.
